

At present the highest possible efficiency and speed for High End loudspeakers

Frequency range: 350 Hz - 20 kHz
Horn-diameter: 54 cm

Recommended combinations with
Orgon-horn-bass and other Bass solutions.

More than 40 years ago
we were the first and only who started to work with
new calculations of the spherical horn.
A useful concept, as all "descendants" are showing us.

EINHORN is now the youngest result of this long development.
The difference is immense,
even amateurs and experts can hear it immediately.

Listening tells more than many words....

We invite you for a demonstration!!
