

At present the highest possible efficiency and speed for High End loudspeakers  
2 - Way-System

Mid-Highrange-Horn:

Frequency range: 350 Hz - 20 kHz

Horn-diameter: 54 cm

Bass-Corner-Horn: 26 Hz – 400 Hz  
18" Bass-Driver

We recommend our own Claas A Amplifier

More than 45 years ago  
we were the first and only who started to work with  
new calculations of the spherical horn.  
A useful concept, as all "descendants" are showing us.

EINHORN is now the youngest result of this long development.

The difference is immense,  
even amateurs and experts can hear it immediately.

Listening tells more than many words....

**We invite you for a demonstration!!**
